B. Qualitative Contribution Evaluation (QCE)

QCE is the process of determining the eligibility of a faculty candidate for the particular rank and sub-rank indicated by result of the application of the common criteria for evaluation (CCE).

D. Commitment

This refers to a faculty member's deep sense of responsibility to render service for the development of the students' well-being and for the advancement of his/her discipline.

E. Knowledge of Subject

This includes the faculty member's scholarship and expertise in his/her chosen field or discipline.

G. Teaching for Independent Learning

This pertains to the faculty member's ability to organize teaching-learning processes to enable students to maximize their learning potentials.

H. Management of Learning

This refers to the faculty member's ability to create and manage a conducive learning environment and at the same time guide, monitor and evaluate student learning.
II. GENERAL GUIDELINES

A. In addition to the common criteria for evaluation (CCE), promotion to higher rank and sub-rank shall be subject to Qualitative Contribution Evaluation (QCE).

B. Continuous improvement toward excellence shall include well-defined and well-executed approach(es) aimed at enhancing the value of collegiate/university education to the clientele the SU/C pledges to serve. The improvements must be in all four (4) functional areas of the SU/C, namely: instruction, research, extension, and production.

C. For those seeking promotion to the higher sub-ranks of the Instructor and the Assistant Professor positions, the QC shall be in the Teaching Effectiveness.

III. SPECIFIC GUIDELINES

A. The Teaching Effectiveness of instructors and assistant professors is evaluated using the following assessment areas with the corresponding weighted points:

1. Commitment 0.20
2. Knowledge of Subject 0.20
3. Teaching for Independent Learning 0.30
4. Management of Learning 0.30

B. A common evaluation instrument is prepared by a joint committee of CHED, PASUC, and TESDA. The evaluation is done by the faculty concerned, his peers, his supervisor, and his student beneficiaries.

C. Each area of assessment has a number of criteria and allotted a total of 25 points. The total raw points for the assessment areas is 100. The raw points garnered in each of the four assessment areas is multiplied by the corresponding weight.

D. In rating using the criteria, the scale of 1 to 5 is used, with 5 as the highest.

E. The faculty shall be evaluated regularly and the average rating is obtained for the particular CCE implementation.

ANNEX 2
(Qualitative Contribution Evaluation, QCE, for Associate Professors and Professors)

I. DEFINITION

A. Qualitative Contribution (QC)

This is the distinctive contribution by a faculty member seeking promotion to a higher rank or sub-rank and which generally accrues to the enhancement and sustenance of the overall image of the state universities and colleges in their constant endeavor towards excellence.

B. Qualitative Contribution Evaluation (QCE)

QCE is the process of determining the eligibility of a faculty candidate for the particular rank and sub-rank indicated by result of the application of the common criteria for evaluation (CCE).

C. Common Criteria for Evaluation (CCE)

The CCE is a set of factors of services and achievements which establish the relative performance of a faculty in the state university or college for the period of evaluation.

This refers to a faculty member’s deep sense of responsibility to render service for the development of the students’ well-being and for the advancement of his/her discipline.

D. Clientele Satisfaction (CS)

This is a strategic concept for the overall institutional image as the SUC seeks continuous improvement toward excellence. It is based on the belief that the quality of education will improve as the clientele (i.e., students, parents, community) assume more responsibility for the value of education they draw from the institution. This demands constant sensitivity to clientele requirements and measurement of the factors that drive clientele satisfaction. Equally, this demands awareness of the latest developments in education and rapid response to the clientele requirements thereby improving both the quality of education and the relationships with students, parents and the community.

E. Leadership (L)

Professor (including board members and administrators) must create clear and visible quality values within the educational system. Reinforcement of these values and

Chairman, CHED
expectations requires personal commitment and involvement. Professors in collaboration with administrators and instructors or board members, must create strategies, systems and methods for achieving educational excellence. These systems and methods guide activities and decisions of the college or university and encourage participation and creativity by all.

G. Partnership Development (PD)

The college or university should seek to build internal and external partnerships that promote cooperation/collaboration serving mutual and larger community interests. These should consider longer-term objectives as well as short-term needs, thereby creating a basis for mutual investments. The building of partnerships should address means of regular communication, approaches to evaluating progress, means of modifying objectives, and methods to accommodate changing conditions.

H. Community Responsibility (CR)

Education quality objectives should reflect areas of community citizenship and responsibility. These include ethics in education, support for public safety, environmental safety, and sharing of quality-related information with business, industry and government agencies within the community and the country. Community responsibility also includes responsiveness to community needs and processes to develop and maintain public trust.

II. GENERAL GUIDELINES

A. In addition to the common criteria for evaluation (CCE), promotion to higher rank and sub-rank shall be subject to Qualitative Contribution Evaluation (QCE).

B. Continuous improvement toward excellence shall include well-defined and well-executed approach(es) aimed at enhancing the value of collegiate/university education to the clientele the SU/C pledges to serve. The improvements must be in all four (4) functional areas of the SU/C, namely: instruction, research, extension, and production.

C. For those seeking promotion to the Associate Professor rank, the QC shall be in any two functional areas chosen by the candidate prior to any assessment year.

D. For those seeking promotion to the Professor rank, the QC shall be in any three functional areas chosen by the candidate prior to any assessment year.

President, PASUC

FREDERICK S. PADA

ANGEL C. ALCALA

Chairman, CHED
III. SPECIFIC GUIDELINES

A. In each of the self-selected functional areas the candidate's qualitative contribution shall be assessed based on clientele satisfaction, leadership, partnership development, and community responsibility. The weights applicable to the different ranks are as follows:

<table>
<thead>
<tr>
<th>RANK</th>
<th>INSTRUCTION</th>
<th>RESEARCH</th>
<th>EXTENSION</th>
<th>PRODUCTION</th>
</tr>

</tr>
<tr>

<td>0.20</td>
<td>0.65</td>
<td>0.10</td>
<td>0.05</td>
</tr>
</tbody>
</table>

N.B.: For placement or entry performance for the last five years shall be considered, while for promotion only the performance during the period of evaluation shall be considered.

B. A common evaluation instrument is prepared by a joint committee of CHED and PASUC. The evaluation is done by the ratee's client, by the direct supervisor, by the stakeholders in the completed projects, and by his external and internal communities.

C. Each area of assessment has a number of criteria and allotted a total of 25 points. The total raw points for the assessment areas is 100. The raw points garnered in each of the four assessment areas is multiplied by the corresponding weight.

D. In rating using the criteria, the scale of 1 to 5 is used, with 5 as the highest.

E. The faculty shall be evaluated regularly at the end of every academic year and the average rating is obtained for the particular CCE implementation.

F. The total weighted points (maximum being 100) shall have the equivalent points corresponding to the sub-ranks under each of the Associate Professor and Full Professor ranks as follows:
