Philippine Government Directory of

AGENCIES AND OFFICIALS

2022

Note from the Publisher:

The contents of this publication, including the names and positions of the government officials, and contact details, are based on data available as of October 31, 2021 as validated by the agencies, except when updated before the actual publication date.

MESSAGE

Emerging from a crisis – and transitioning to what is hoped will be a “better normal” – can be just as challenging as struggling while in the midst of it. In such a situation, accurate information and effective communication remain vital to ensure the success of the endeavor.

This is where we find ourselves today. While clearer signs have already appeared on the horizon to indicate that we may soon overcome the Coronavirus-19 pandemic, there is still much that needs to be done. The government leadership, at both the national and local levels, and the people will have to work together towards a continuing

pandemic response that will assure the recovery of health and well-being of both the Filipino people and the Philippine economy.

This requires responsive and accountable government action, supported by active citizen engagement – made possible by access to information. And this is the principle behind the initiative to regularly publish a directory – as current and updated as we can make it – of Philippine Government Agencies and Officials.

The objective of this handy guidebook is to provide a single source of contact details of all sectors at various levels of the Philippine government. It covers the Executive, Legislative, and Judicial branches, national government agencies and local government units, as well as international organizations. As a comprehensive, accurate, and reliable source of information, it supports the call for contactless transactions in continuing observance of health and safety protocols, without sacrificing the critical links between the government and the citizenry.

With this 2022 issue of the Government Directory, the DBM assures readers and its stakeholders of its continuing commitment of service and to its mandate to steer the country towards meaningful development. And to provide wider and freer access to the information, an electronic copy of the Directory is available on the DBM website. Feedback and suggestions on how we can further improve the next editions are most welcome.

Thank you and Mabuhay!
