

Table I.4
PUBLIC-PRIVATE PARTNERSHIP PROGRAM
SUMMARY LIST OF PPP PROJECTS¹
(as of March 2021)

PROJECT TITLE		BRIEF DESCRIPTION	IMPLEMENTING AGENCIES	ESTIMATED TOTAL PROJECT COST (in billion)**
PPP PIPELINE				
A. Solicited Projects				
Procurement Stage*				
1	Baggao Water Supply Project	The project involves the design, financing, construction, testing, operation, and maintenance of a Level III Water Supply System that will service 24 barangays (population of 55,000).	Municipal Government of Baggao	PHP 0.19 (USD 0.0039)
2	Development and Management of the Club Intramuros Golf Course	The project involves the financing, design, construction, operation and maintenance, and management of the Club Intramuros Golf Course and its facilities. The concession period is for 25 years. The project cost refers to the required minimum capital investment of the JV private sector partner.	Tourism Infrastructure and Enterprise Zone Authority	PHP 0.25 (USD 0.005)
3	Development and Management of the Balicasag Island Dive Resort	The project involves the development and management of Balicasag Island Dive Resort in order to upgrade the facilities of the asset, improve efficiency in operations, and create significant contribution to a thriving and sustainable tourism in the area. The concession period is for 25 years. The project cost refers to the required minimum capital investment of the JV private sector partner	Tourism Infrastructure and Enterprise Zone Authority	PHP 0.11 (USD 0.002)
4	Road Transport Information Technology Infrastructure Project (Phase II)	The project involves the upgrade of existing IT infrastructure of the LTFRB, including: (a) computerization of its manual processes; (b) development of an online database of franchise information; (c) data migration; and (d) procurement, installation, operations, and management of IT hardware equipment, software and network development. The concession period is for 11.5 years (inclusive of 1.5-year application development and installation period).	Department of Transportation and Land Transportation Franchising and Regulatory Board	PHP 0.39 (USD 0.008)
Approval Stage				
1	San Ramon Newport Project	The project involves the construction, operation, and maintenance of a world-class seaport at ZamboEcozone, aimed to improve its competitiveness and fulfill its vision of becoming a world-class economic zone that will link resources, markets, and other logistical activities that can contribute to the economic development of Zamboanga City and Mindanao.	Zamboanga City Special Economic Zone Authority	PHP 11.3 (USD 0.233)
2	UP Philippine General Hospital (PGH) Manila Cancer Center Project	The project involves the design, financing, construction, equipping and maintenance, and operation of the first comprehensive cancer care center in the Philippines.	University of the Philippines	PHP 4.58 (USD 0.094)

Table I.4
PUBLIC-PRIVATE PARTNERSHIP PROGRAM
SUMMARY LIST OF PPP PROJECTS¹
(as of March 2021)

PROJECT TITLE		BRIEF DESCRIPTION	IMPLEMENTING AGENCIES	ESTIMATED TOTAL PROJECT COST (in billion)**
3	UP Philippine General Hospital (PGH) Diliman Project	The project involves the development of the UP Philippine General Hospital (PGH) Diliman, which will include a multi-storey tertiary care hospital, outpatient services, medical research center, school of medicine, hospice, and ancillary facilities. It is envisioned to be a world-class hospital, serving the poor, with related educational and research facilities.	University of the Philippines	PHP 21.302 (USD 0.439)
4	Metro Manila Subway Project (MMSP) Operations and Maintenance (O&M) Public-Private Partnership (PPP) Project	The Project involves the operations and maintenance of the Metro Manila Subway Project ("MMSP") System which include the following components: (a) Depots, including Maintenance Plant and facilities; (b) Stations; (c) Wayside infrastructure; (d) Operation Control Centre (OCC) and Back Office; (e) Trains and Rolling Stock; (f) Track; (g) Traction Power Supply system; (h) Signaling command and control systems; (i) Telecommunication systems and networks; (j) Automatic fare collection systems; (k) Station Electrical & Mechanical (E&M); (l) Passenger information systems; (m) Civil infrastructure.	Department of Transportation	PHP 2.66 (USD 0.055)
5	Operations and Maintenance of the North-South Commuter Rail	The Project involves the operations and maintenance of the North-South Commuter Rail System which include the following components: (a) Depots, including Maintenance Plant and facilities; (b) Stations; (c) Wayside infrastructure; (d) Operation Control Centre (OCC) and Back Office; (e) Trains and Rolling Stock; (f) Track; (g) Traction Power Supply system; (h) Signaling command and control systems; (i) Telecommunication systems and networks; (j) Automatic fare collection systems; (k) Station Electrical & Mechanical (E&M); (l) Passenger information systems; (m) Civil infrastructure.	Department of Transportation	PHP 3.22 (USD 0.066)
Development Stage				
1	UP Los Banos Agro-Industrial Information and Technology Parks	The project involves the development of the special economic zone (SEZ) owned by UPLB through the establishment of a world-class academic, research, and community support facilities which would enable the conduct of collaboration, scholarly exchanges, and scientific innovation.	University of the Philippines-Los Baños	TBD
2	Bislig City Bulk Water Supply and Septage Project	The project involves the construction, operations, and maintenance of a bulk water supply system and septage facility for Bislig City.	Bislig City Water District	TBD
3	Iloilo City Slaughterhouse Project	The project involves the construction or rehabilitation, expansion, operations and maintenance of a new Double "A" slaughterhouse facility and its appurtenances with a capacity of up to 500 heads per day.	City Government of Iloilo	TBD
4	Iloilo City Central and Terminal Public Markets Project	The project involves the redevelopment, operation, and maintenance of the Central Public Market and Terminal Public Market which aims to provide the City with a sustainable multi-use market complex that will develop and enhance business activities as well as preserve the economic value of the Old CBD of Iloilo City.	City Government of Iloilo	TBD

Table I.4
PUBLIC-PRIVATE PARTNERSHIP PROGRAM
SUMMARY LIST OF PPP PROJECTS¹
(as of March 2021)

	PROJECT TITLE	BRIEF DESCRIPTION	IMPLEMENTING AGENCIES	ESTIMATED TOTAL PROJECT COST (in billion)**
5	Central Luzon Link Expressway (CLLEX) Phase 1 O & M and Phase 2 Project	The project involves the O&M of CLLEX Phase 1 (Tarlac-Cabanatuan-Nueva Ecija corridor) and the extension of CLLEX Phase 2, which will connect Cabanatuan City and San Jose City, passing through the municipalities of Talavera and Llanera in Nueva Ecija, of about 35.70 km. in road length. This will provide a free-flowing alternative route and decongest traffic along the Pan Philippine Highway (PPH) between said cities of Nueva Ecija and the town of Plaridel in Bulacan Province.	Department of Public Works and Highways	TBD
6	Baguio General Hospital & Medical Center (BGHMC) Renal Center Facility Project	The project involves the design and construction of a Renal Center Building Center and provision of sufficient hemodialysis machines.	Department of Health and Baguio General Hospital & Medical Center	PHP 0.489 (USD 0.010)
7	Cagayan Valley Medical Center (CVMC) Hemodialysis Center Project	The project involves the design and construction of a hemodialysis center, the provision of 100 additional hemodialysis machines, and the operation and maintenance of the said hemodialysis center.	Department of Health and Cagayan Valley Medical Center	PHP 0.469 (USD 0.01)
8	Rizal Park Western Section Development Project	The project involves the management and operation of the three-storey building and the esplanade that will be procured and constructed by TIEZA through a separate contractor; and construction, operation and maintenance of additional attractions within the Western Section of Rizal Park.	Tourism Infrastructure and Enterprise Zone Authority	TBD
9	Mariveles Mental Wellness Center Project	The project involves the: (1) restoration and rehabilitation of the Lazareto de Mariveles ruins, and its conversion into a functional Mariveles Mental Wellness Center envisioned to offer complementary and alternative medicine (CAM) (e.g., acupuncture, yoga asana) to the public; and (2) construction of a seven-storey building with 1st to 4th floor as parking areas and 5th to 7th floors as dormitory.	Department of Health and Mariveles Mental Wellness and General Hospital	TBD
10	Improvement, Operation, and Maintenance of Kennon Road Project	The project involves the rehabilitation and improvement of the landslide prone sections of Kennon Road and the establishment of a toll system.	Department of Public Works and Highways	TBD
11	Ormoc City Water Supply System Project	The project aims to provide a comprehensive water supply system to meet the demand for good quality and sufficient water supply, and an operation capable of providing Level III service to its service area on a 24/7 basis, i.e. continuous water service without interruption. The project includes the sourcing of bulk water supply from Lake Danao and other possible sources, including the Inawasan River, construction of a bulk water supply facility and its ancillary appurtenances, establishment of clarifier and filtration gallery to improve the quality of water supply, upgrading of the 28 service areas with Level II systems to Level III system, and operations and maintenance (O&M) of the entire water supply system covered by the project.	City Governemnt of Ormoc	TBD

Table I.4
PUBLIC-PRIVATE PARTNERSHIP PROGRAM
SUMMARY LIST OF PPP PROJECTS¹
(as of March 2021)

PROJECT TITLE		BRIEF DESCRIPTION	IMPLEMENTING AGENCIES	ESTIMATED TOTAL PROJECT COST (in billion)**
12	Philippine Travel Center Complex Project	The project involves the redevelopment of the former NIA and Navy compound in Intramuros into a mixed-used structure to house the DOT and its attached agencies, with ample public facilities to promote tourism-related activities, and commercial spaces for rent.	Intramuros Administration	PHP 2.1 (USD 0.043)
13	NEDA sa Makati Property Redevelopment Project	The project involves the construction, operation, and maintenance of a new green design building for the NEDA sa Makati property redevelopment. The project aims to address the space requirements of the NEDA-Central Office in Pasig City and its attached agencies through the provision of office space and amenities for regular business operations, space allocations for conferences/seminars/trainings and meeting rooms, and spaces for lease for both private sector and government agencies alike.	National Economic and Development Authority	PHP 1.28 (USD 0.026)
14	Bicol Medical Center's (BMC) Medical Arts Building and Upgrading of Health Services Project	The project involves the: (1) construction, operations, and maintenance of the Out-Patient Department and Medical Arts Building; (2) installation of medical equipment; (3) supply of consumables; and (4) construction, operations, and maintenance of a dormitory building with commercial spaces. The project aims to enhance the quality of services of BMC, provide better health outcomes, and achieve equitable access to healthcare in Region V.	Department of Health and Bicol Medical Center	TBD
15	Metro Cebu Expressway	The project involves the construction of Segments 1 and 2 and operations and maintenance of Segments 1, 2, and 3 of the 73.7-km road in Metro Cebu, providing a seamless traffic flow from Naga City up to Danao City.	Department of Public Works and Highways	TBD
16	TIEZA Clark Tourism Enterprise Zone (TEZ) Project	The Project is envisaged to be an integrated premier shopping tourism destination which will be sustainably developed as a means of contributing to socio-economic growth. It is located on a 20-hectare greenfield property inside the Clark Special Economic Zone, is envisioned to be a sustainable integrated tourism complex and all-day tourist destination composed of various tourism enterprises. Implementation is composed of three phases.	Tourism Infrastructure and Enterprise Zone Authority	17.4
B. Unsolicited Projects				
Competitive Challenge				
1	Quezon City Integrated Solid Waste Management Project	The project involves the design, financing, construction, operation, and maintenance of a biodegradable source separated waste treatment and residual combustible waste treatment facility capable of processing up to 3,000 metric tons of municipal solid waste (MSW) per day and generating 36 MWe (net).	Quezon City Government	PHP 22.00 (USD 0.453)
2	General Santos City Sanitary Landfill Project	The project involves the operation and maintenance of the General Santos Sanitary Landfill and the establishment and maintenance of a waste conversion program. The contractual arrangement is a contractual joint venture, with a period of 25 years. The legal framework for the project is the local JV Code of General Santos City.	Local Government of General Santos	PHP 0.10 (USD 0.002)

Table I.4
PUBLIC-PRIVATE PARTNERSHIP PROGRAM
SUMMARY LIST OF PPP PROJECTS¹
(as of March 2021)

PROJECT TITLE		BRIEF DESCRIPTION	IMPLEMENTING AGENCIES	ESTIMATED TOTAL PROJECT COST (in billion)**
Approval Stage				
1	Fort Bonifacio-Makati Skytrain Project	The project involves the design, engineering, construction, operation, and maintenance of a 1.873-km monorail system connecting Fort Bonifacio and EDSA Guadalupe.	Department of Transportation	PHP 3.66 (USD 0.075)
2	50 year Integrated Development Plan for Mactan Cebu International Airport (MCIA) Project	The project involves the take-over, rehabilitation of existing runway and taxiways, construction of an additional full-length parallel taxiway that can act as an emergency runway, development of a second parallel and independent runway, and construction of a third terminal.	Mactan-Cebu International Airport Authority	PHP 199.41 (USD 4.107)
3	Unsolicited Build-Transfer-Operate-Maintain (BTOM) Proposal for the Modified Light Rail Transit (LRT) 6, Phase 1	The project involves the construction, operation, and maintenance of an approximately 23.5-km light rail transit system, consisting of nine (9) stations that will extend the LRT-1 Extension Project from Niog in Bacoar to Governor's Drive in Dasmarinas traversing Bacoar, Imus and Dasmarinas Cities, all in the Province of Cavite.	Department of Transportation	PHP 69.09 (USD 1.423)
4	C5 MRT 10 Project	The project involves the design, building, operating, and maintaining the approximately 22.5-km mostly elevated Light Railway Transit (LRT) System consisting of sixteen (16) stations along circumferential road C-5 connecting the Ninoy Aquino Terminal Airport (NAIA) Terminal 3 to Quezon City, terminating at Commonwealth Avenue with possible interchange with MRT7 at Tandang Sora Station and LRT Line 2 at Aurora Station.	Department of Transportation	PHP 92.58 (USD 1.907)
5	Davao People Mover Project	The project involves the financing, construction, operations, and maintenance of a 13-km elevated rail line with sixteen (16) stations, starting at Bangkal and terminating at SM Lanang. The straddle-type monorail technology is proposed for the project.	Department of Transportation	PHP 41.77 (USD 0.860)
6	Operations, Maintenance and Upgrade of the Kalibo International Airport	The project involves the operation and maintenance of the current airport facility and implementing a facility upgrade of the airport including systems and construction of the terminal building.	Department of Transportation	PHP 3.84 (USD 0.079)
7	Tarlac-Pangasinan-La Union Expressway (TPLEX) Extension Project	The project involves the design, financing, construction, operation, and maintenance of a 59.4-km, four-lane TPLEX Extension Project from Rosario to San Juan, La Union.	Department of Public Works and Highways	PHP 24.10 (USD 0.496)
8	Development of the Former Manila Seedling Site Project	The project involves the construction, operations, and maintenance of "Frontier North", a mixed-use development on a 6.97-hectare NHA-owned property, located at EDSA corner Quezon Ave., Quezon City.	National Housing Authority	PHP 45.15 (USD 0.930)

Table I.4
PUBLIC-PRIVATE PARTNERSHIP PROGRAM
SUMMARY LIST OF PPP PROJECTS¹
(as of March 2021)

PROJECT TITLE		BRIEF DESCRIPTION	IMPLEMENTING AGENCIES	ESTIMATED TOTAL PROJECT COST (in billion)**
9	MRT 7 Katipunan Spur Line Project	The project involves the financing, design, construction, operation, and maintenance of a 13.09-km rail system connecting the MRT7 Tandang Sora Station to a spur line traversing Katipunan Avenue and terminating at Bonifacio Avenue, Cainta. The project will be located on the east side of Metro Manila bordering the province of Rizal. The rail alignment will pass through Quezon City, Marikina City, Antipolo City, Cainta, and Pasig City.	Philippine National Railways	PHP 107.00 (USD 2.204)
10	MRT 7 Airport Access - North Line Project	The MRT 7 Airport Access- North Line is a 30.30-km mixed at-grade and elevated metro rail transportation system with seven (7) strategically placed stations which aims to provide a safe, reliable, and convenient mode of transportation going to and from the New Manila International Airport and neighboring provinces.	Philippine National Railways	PHP 130.90 (USD 2.696)
11	Cavite Tagaytay Batangas Expressway	The project involves the financing, construction, operations, and maintenance of the 2x2 lane, approximately 50-km Cavite-Tagaytay-Batangas Expressway with spur roads to (i) Tagaytay City and (ii) Tuy. The project will improve access to Tagaytay City and Nasugbu, Batangas.	Department of Public Works and Highways	PHP 25.18 (USD 0.519)
12	MRT 11 Project	The project involves the construction of an approximately 18-km Metro Railway Transit System (MRTS) of elevated structure starting from EDSA, Balintawak in Quezon City traversing along Quirino Highway, Novaliches, and Zabarte Road in North Caloocan City up to Barangay Gaya-gaya in San Jose del Monte, Bulacan. A passenger transfer facility shall be provided proximate to the EDSA-Balintawak station of LRT Line 1 and the MRT 11 Balintawak station.	Department of Transportation	PHP 85.70 (USD 1.765)
13	Cebu Monorail Transit System Project	The project involves the construction and development of approximately 27-km rail transit system composed of the following: 1. Cebu Central Line, a 17.7-km elevated monorail transit system with 14 stations; 2. Cebu Airport Line, a 9.3-km elevated monorail transit system with six (6) stations; and 3. A 5-hectare depot facility to be located close to the Mactan-Cebu International Airport (MCIA).	Department of Transportation	PHP 77.57 (USD 1.598)
14	North Luzon Express Terminal "NLET" Project	The project involves the financing, construction, ownership, operation, and maintenance of an integrated terminal in NLEX.	Department of Transportation	PHP 6.82 (USD 0.140)
15	Davao International Airport Development, Operation, and Management	The project involves the development, operation, and management of the Davao International Airport. The scope includes undertaking the operation, management, and maintenance of all existing and project assets within the boundary of the subject airport, and all necessary development works (construction, rehabilitation, improvement, betterment, expansion, and modernization) needed to meet the projected demand for the airport services within the concession period.	Civil Aviation Authority of the Philippines	PHP 39.52 (USD 0.814)

Table I.4
PUBLIC-PRIVATE PARTNERSHIP PROGRAM
SUMMARY LIST OF PPP PROJECTS¹
(as of March 2021)

PROJECT TITLE	BRIEF DESCRIPTION	IMPLEMENTING AGENCIES	ESTIMATED TOTAL PROJECT COST (in billion)**
16 Upgrade, Expansion, Operations, and Maintenance of Laguindingan Airport Project	The project involves the following: (1) operations and maintenance ofof Laguindingan Airport; (2) Capacity augmentation/expansion and enhancement of facilities in order to meet and maintain applicable standards; and (3) Financing of proposed works.	Civil Aviation Authority of the Philippines	PHP 42.70 (USD 0.880)
17 Development, Operation, and Management of Bacolod-Silay Airport Project	The project involves the development, operation, and management of Bacolod-Silay Airport. This includes undertaking all necessary development works (whether construction, rehabilitation, improvement, betterment, expansion, modernization, decommission) of airport facilities to be triggered by traffic requirements.	Civil Aviation Authority of the Philippines	PHP 13.05 (USD 0. 269)
18 Operation & Maintenance of the Francisco B. Reyes Airport and the New Busuanga Airport	The project involves the operation and maintenance of the current and future Busuanga Airport. The proponent shall operate and maintain the landside facilities of the existing Busuanga Airport prior to its transfer of location and while construction and development of the new airport site is ongoing which is undertaken by the government. Upon completion, operation and maintenance activities of the proponent shall then transfer from the old to the landside facilities of the new site.	Civil Aviation Authority of the Philippines	PHP 1.35 (USD 0.028)
19 East-West Rail Project	The project involves the financing, design, construction, and O&M of a mostly elevated 9.4-kilometer railway line from Diliman, Quezon City to Lerma, Manila including provision of interconnecting facilities with neighboring rail systems.	Philippine National Railways	PHP 55.46 (USD 1.142)
20 Manila Bay Integrated Flood Control, Coastal Defense and Expressway Project	The project involves the construction and operations of: (1) a city flood barrier that will protect about 250,000 people in Navotas City from storm surges and wave attacks; (2) an expressway which will connect Bataan with Metro Manila through the northern part of Manila Bay and offer the prospective of enhanced interconnectivity of several regions in Bulacan, Pampanga and Bataan with Metro Manila; and (3) a coastal sea barrier that will reduce the impact of typhoon waves and surges in the northern coastal zone of Manila Bay.	Department of Public Works and Highways	PHP 5, 034.54 (USD 103.698)
21 New Metro Manila Food and Transport Hub Project	The proposal includes the building of at least 300 bus bays, a cold storage facility, and market. The project aims to transform Manila's Pandacan oil depot into a transport and food hub.	Department of Transportation	PHP 25.84 (USD 0.532)
22 Preservation and Development of Laguna de Bay Project	The project involves the financing, design, construction, preservation, and development works within the Laguna Lake, as a flood mitigation measure for the areas surrounding Laguna de Bay. The development and preservation works include the construction of a six-lane, 46.6-km. toll road on a viaduct structure to be located 100 meters from the western shoreline of Laguna Lake, and a reclamation and development of 2,000 ha. of land within the jurisdiction of Taguig City.	Laguna Lake Development Authority	PHP 905.12 (USD 18.643)
23 IT Project for the City of Naga, Cebu-UNLAD BAYAN Local Government Information System Project***	The Project is an integrated IT-software solution that aims to increase tax collection and revenue for the Local Government, comply to the National Government's initiative to cut red tape and processing time, simply and optimize the operations of the revenue generating units and offices, and provide real-time reports and dashboard on the financial status of local government. The Project is a hybrid implementation of IT infrastructure and system/applications development as well as support and maintenance for a period of five years.	Local Government of Naga City	PHP 0.06 (USD 0.001)

Table I.4
PUBLIC-PRIVATE PARTNERSHIP PROGRAM
SUMMARY LIST OF PPP PROJECTS¹
(as of March 2021)

	PROJECT TITLE	BRIEF DESCRIPTION	IMPLEMENTING AGENCIES	ESTIMATED TOTAL PROJECT COST (in billion)**
24	Unsolicited Proposal to Finance, Design, Develop, Operate, and Maintain the Bureau of Immigration (BI) Tourist-Visa Section Online System Project***	The Project involves financing, developing, operating, and maintaining an online application, processing, and payment platform for the Bureau of Immigration-Tourist Visa Services Online System through the use of cloud-based performance and payment gateway. The Project aims to ease doing business with the Bureau of Immigration by expediting the application, payment, and processing of its Visa Waiver and Visa Extension Service through an Online System, reduce man hour cost of BI for attending to clients by utilizing the Online System, and improve the monitoring capabilities of BI by generating a database for its clients.	Bureau of Immigration	PHP 0.02 (USD 0.0004)
25	Unsolicited Proposal for the Port of General Santos	The project involves the redevelopment, operations, and maintenance of the Port of General Santos. It shall have the following components: (a) port development and modernization; (b) development of business and ancillary services; (c) delivery of reefer container services; and (d) use of modern information technology systems.	Philippine Ports Authority	PHP 5.20 (USD 0.107)
26	Unsolicited Proposal for the Port of Davao (Sasa)	The project involves the modernization, design, operation, maintenance, and management of the Davao Sasa Port.	Philippine Ports Authority	PHP 19.89 (0.410)
27	Unsolicited Proposal for the Iloilo Commercial Port Complex and Port of Dumangas	The project involves the financing, operation, and maintenance with improvement and expansion of Iloilo Commercial Port Complex (ICPC)'s container terminal and Port of Dumangas (POD)'s existing passenger Roll-on Roll-off (RORO) terminal.	Philippine Ports Authority	PHP 12.34 (USD 0.254)
28	New Bohol International Airport Project	The Project involves the Operations and Maintenance (O&M) of the New Bohol International Airport, including initial enhancement and installation of internal fit-outs of the existing facilities (Phase 1), as well as optimization and reconfiguration as dictated by traffic demand to be undertaken by the Concessionaire (Phase 2). This will involve a concession period of 25 years.	Department of Transportation	PHP 3.79 (USD 0.078)
29	Rehabilitation-Expansion-Operation-Maintenance of the Iloilo International Airport	The Project will be implemented through a Operate-Add-Transfer (OAT) mode under the BOT Law, over a concession period of 25 years, reckoned from the O&M Start Date, unless otherwise extended. Once transferred to the Proponent, the facilities will be operated by the Proponent. Proponent shall train the Civil Aviation Authority of the Philippines' personnel prior to transfer of the completed assets after the Concession Period.	Department of Transportation and Civil Aviation Authority of the Philippines	PHP 6.89 (USD 0.142)
30	Rehabilitate-Operate-Maintain-Expand the Puerto Princesa International Airport	The Project will be implemented through a Operate-Add-Transfer (OAT) mode under the BOT Law, over a concession period of 25 years, reckoned from the O&M Start Date, unless otherwise extended. Once transferred to the Proponent, the facilities will be operated by the Proponent. Proponent shall train the Civil Aviation Authority of the Philippines' personnel prior to transfer of the completed assets after the Concession Period.	Department of Transportation and Civil Aviation Authority of the Philippines	PHP 5.89 (USD 0.121)

Table I.4
PUBLIC-PRIVATE PARTNERSHIP PROGRAM
SUMMARY LIST OF PPP PROJECTS¹
(as of March 2021)

PROJECT TITLE		BRIEF DESCRIPTION	IMPLEMENTING AGENCIES	ESTIMATED TOTAL PROJECT COST (in billion)**
Initial Evaluation by the Implementing Agency				
1	Quezon City Footbridge Development Project	The project includes the construction of new, and redevelopment of existing, footbridges in Quezon City that adhere to green practices and promote pedestrian safety and security.	Quezon City Government	PHP 0.07 (USD 0.001)
2	Tuguegarao City Septage Management Project	The project involves the financing, design, construction, development, and operation of Tuguegarao City's septage management system and related infrastructure.	Tuguegarao City Government	PHP 0.11 (USD 0.002)
3	Zamboanga Waste-to-Value Facility Project	The Project is an Unsolicited Incorporated Joint Venture Proposal to undertake the design, construction, financing, engineering, management, operation, and maintenance of an integrated waste management facility capable of processing minimum of 350 tons of municipal and commercial wastes per day for the City of Zamboanga.	Zamboanga City Government	PHP 0.571 (USD 0.012)
4	Expansion, Operation and Maintenance of Vessel Traffic Services (VTS) in Seven Philippine Ports	The Project aims to provide a modern, scalable and fully integrated VTS system to monitor all port and loading operations, effectively manage port activities, and ensure the safe and efficient movement of port traffic in seven Philippine ports.	Philippine Ports Authority	PHP 6.607 (USD 0.136)
5	Management and Improvement of Bicol University's Arcadia and Entrepreneurial Centrum	The unsolicited project aims to implement the management and enhancement of the façade and the development of facilities and structure. It involves the following: a. General Renovations b. 24/7 Services for janitorial or housekeeping service, security personnel and maintenance personnel.	Bicol University	PHP 0.0128 (USD 0.0003)
6	Davao No Contact Apprehension Project	The project involves the financing, installation, operation, and maintenance of traffic enforcement cameras that detect traffic violations.	Local Government of Davao	PHP 0.0495 (USD 0.0010)

¹ Summary of PPP Projects under procurement, approval and development.

*Amounts reflected for Solicited Projects in the Procurement Stage and Unsolicited Projects are approved project costs by NEDA Board or appropriate approving body.
Amounts reflected for Unsolicited Projects under the Approval Stage to Evaluation Stage is estimated based on unsolicited proposal received.

**USD equivalent is based on BSP Pesos per US Dollar Rate \$1 = Php48.55 (as of March 2021 - Monthly Average)

***Awaiting official notice from the ICC Core Secretariat that the project has been officially removed from the list of projects for ICC approval, following the IA advise that the request for project approval shall be withdrawn
