					Attached is the Revised Bid Form.				

**CLARIFICATION**

**Questions from a bidder (MULTI-FOLD LINKS, INC.) –**

1. Kindly provide us with the complete list/inventory of Data Center components covered by this maintenance project stating the current condition of the equipment (e.g. working, not working, end of life) and years in operations, and last maintenance activity conducted on the equipment.
2. Kindly specify if DBM will shoulder the parts replacement or defective component (e.g. fire suppression components) if reported defective or are found to be no longer operational/functional.
3. Technical Specification – page 63, item 7.4; replace batteries as necessary, and fine-tune each opening.

Who will shoulder the replacement for UPS battery? Kindly identify the specification of the battery. Will DBM allow compatible or equivalent brand of battery as replacement?

4. Technical Specification – page 59, item 2.1.19; kindly specify what brand of CCTV and video analytics management software DBM is currently using.
5. What document/s do you require as a proof for the Licensed Engineers registered as STE?

1. Please refer to Section VI. Schedule of Requirements on pp. 54-55 of the Bidding Documents, item 3, for the list of Data Center Equipment and Components. The Data Center Equipment and Components are all in working condition and the last maintenance was conducted in the 3<sup>rd</sup> quarter of 2016.
2. All replacements indicated in Section VII. Technical Specifications are for the account of the Contractor. Only equipment/materials listed on page 64, item 2(11) shall be shouldered by DBM.
3. In reference to Section VII. Technical Specifications on p. 64, only equipment listed in item 2(11) shall be shouldered by DBM; replacement of UPS batteries is part of the Contractor's services and corresponding cost shall not be shouldered by DBM.

For battery specification, the bidder may conduct an ocular inspection.

For battery replacement, the end-user prefers an equivalent or better brand of battery.

4. The DBM Data Center is currently using J&S IP camera and Mainpro video software.
5. The required proof for the licensed Engineers registered as STE are, as follows:
  - a) Copy of Professional License issued by the Professional Regulation Commission and training certificates on relevant academic discipline to the classification of intended assignment.
  - b) Certification that the engineer is a full-time employee and among the technical personnel, and whose training and experience shall be considered appropriate to the classification(s) and/or category of intended assignment, and the Project may be sustained by such qualifications.

**Questions from a bidder (INNOVE) –**

1. Can we request for equipment details such as brand, vendor, date purchased, EUL, copy of PM reports since purchased, warranty, capacity utilization and expiration of support?
  2. When was the data center constructed?
  3. What is the tier level of the data center (TIA 942.1, 2 or 3?)
  4. Where is the location of the data center?
  5. What are the features required for information management system?
  6. Are the upgrade and replacement of the specified equipment, if identified necessary, included in the ABC such as biometrics, CCTV, fire suppression, PACU, UPS and water leak detection system?
  7. Can we request for details and a network diagram on the network connectivity and structured cabling of the data center.
  8. Is there a hot aisle / cold aisle setup or containment?
  9. What is the name plate rating of racks?
  10. Is each rack on a single phase or a 3-phase basis?
  11. Can we request for the data center layout or map?
1. Please refer to Section VI. Schedule of Requirements on pp. 54-55 of the Bidding Documents, item 3, for the list of Data Center Equipment and Components. The list includes the brand name and serial number of the Data Center Equipment and Components. The Data Center Equipment and Components are all in working condition and the last maintenance was conducted in the 3<sup>rd</sup> quarter of 2016.
  2. The Data Center was constructed in 2010.
  3. The bidder may conduct an ocular inspection to verify this inquiry.
  4. The Data Center is located at the ICTSS, 3<sup>rd</sup> floor, DBM Bldg II, Gen. Solano St., San Miguel, Manila.
  5. The Project requires Integrated Monitoring System for Data Center Equipment and Components, and not Information Management System.
  6. All upgrades and replacements indicated in Section VI. Schedule of Requirements and Section VII. Technical Specifications are for the account of the Contractor. Only equipment/materials listed on page 64 of the Bidding Documents, item 2(11) shall be shouldered by DBM.
  7. These information are confidential and can only be disclosed to the winning bidder.
  8. The bidder may conduct an ocular inspection to verify this inquiry.
  9. The bidder may conduct an ocular inspection to verify this inquiry.
  10. Each rack is on a 3-phase basis.
  11. The bidder may conduct an ocular inspection to verify this inquiry.

12. What is required in the single largest contract? Is it a completed contract of building a data center from scratch or can data center colocation/hosting be acceptable?	12. Please refer to Clause 5.4 of Section III. Bid Data Sheet of the Bidding Documents for the definition of similar contract.

**Other matters:**

- For authentication purposes, all pages of the bid should be initialed by the authorized signatory.
- The “**No Contact Rule**” shall be strictly observed. Bidders are not allowed to call or talk to any member of the Bids and Awards Committee, Technical Working Group or Secretariat effective November 3, 2016 right after the opening of bids.
- For guidance and information of all concerned.

**ATTY. ANDREA CELENE M. MAGTALAS**  
*Director IV, Administrative Service*  
*Vice Chairperson, DBM-BAC*

**Bid Form  
(Revised)**

Date: \_\_\_\_\_

To: [name and address of Procuring Entity]

Gentlemen and/or Ladies:

Having examined the Bidding Documents including Bid Bulletin Numbers [insert numbers], the receipt of which is hereby duly acknowledged, we, the undersigned, offer to the DBM, our services for the Project, "**DBM Data Center Support Services**," in conformity with the said Bidding Documents for the sum of [total Bid amount in words and figures].

	<b>PARTICULARS</b>	<b>Quantity</b>	<b>Annual Cost for the 1<sup>st</sup> Year (Inclusive of VAT) (A)</b>	<b>Annual Cost for the 2<sup>nd</sup> Year (Inclusive of VAT) (B)</b>
1	Regular Preventive Maintenance Services for the Data Center Equipment and Components as stated in the Technical Specifications	two (2) regular visits per quarter for checkup and monitoring and one (1) regular visit per quarter for preventive maintenance	(Annual Cost = cost per Quarter x 4)	(Annual Cost = cost per Quarter x 4)
2	Provision of Integrated Monitoring System (IMS) with inclusion of 1x48 inch monitor	1 unit		n/a
3	One (1)-time CCTV upgrade			n/a
4	One (1)-time refill of 12 units of argonite gas, optional and per need basis	12 units		n/a
<b>SUBTOTAL</b>				
<b>TOTAL (A + B)</b>				

We undertake, if our Bid is accepted, to deliver the goods in accordance with the delivery schedule specified in the Schedule of Requirements.

If our Bid is accepted, we undertake to provide a performance security in the form, amounts, and within the times specified in the Bidding Documents.

We agree to abide by this Bid for the Bid Validity Period specified in **BDS** provision for **ITB** Clause 18.2 and it shall remain binding upon us and may be accepted at any time before the expiration of that period.

Until a formal Contract is prepared and executed, this Bid, together with your written acceptance thereof and your Notice of Award, shall be binding upon us.

We understand that you are not bound to accept the lowest or any Bid you may receive.

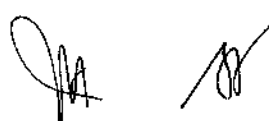

We certify/confirm that we comply with the eligibility requirements as per ITB Clause 5 of the Bidding Documents.

Dated this \_\_\_\_\_ day of \_\_\_\_\_ 20\_\_\_\_\_.
