4 Network Administrators (2 per shift = 1 Network and 1 Security)	<ul style="list-style-type: none"> • College degree graduate with a minimum of three (3) years of technical working experience, inclusive of one (1) year residency as: one (1) CISCO Certified Network Professional (CCNP); one (1) CISCO Certified Network Associate (CCNA); one (1) CEH or any Certified Information Security Professional 	4 Network Administrators (2 per shift = 1 Network and 1 Security)	<ul style="list-style-type: none"> • College degree graduate with a minimum of three (3) years of technical working experience, inclusive of one (1) year residency as: one (1) CISCO Certified Network Professional (CCNP); one (1) CISCO Certified Network Associate (CCNA); one (1) TWO (2) PERSONNEL WITH INFORMATION SECURITY CERTIFICATION LIKE CERTIFIED ETHICAL HACKER (CEH) OR

CLARIFICATIONS

Questions from the following bidders:

1. Network Administrator, the requirement is One (1) CEH (Certified Ethical Hacker) or Certified Information Security Professional. There are two (2) shifts for Network Administrator and the requirement is One (1) Network + One (1) Security = Per shift. Our question is, who will replace the Security during the 2nd shift if there's only requirement for 1 CEH or Certified Information Security Professional?

2. Section 5, item 3.1, page 69 of the Bidding Documents states that the "Support and Maintenance of Physical Network Components" is part of the scope of this project. Can you kindly clarify if the provision of spare parts for all the listed components is included in the scope of this project?
