Yes. Revised Graphics/Video Processor specifications from integrated to dedicated since the procurement is for mid-range laptops. A dedicated graphics card offers more processing power, more memory, and higher bandwidth, allowing for faster and smoother graphics rendering. 																																																								

PARTICULAR(S)/QUERY(IES)	AMENDMENT(S)/CLARIFICATION(S)
3. Is it acceptable that the specifications to be provided is 'One (1) Type C' I/O port, instead of One (1) Type C Thunderbolt?	3. USB type C and Thunderbolt are the same in terms of interface, both are using a type C USB Interface. However, the latter is a new technology which is a port that enables a single cable to push power and transfer a large amount of information (such as video data for two or more 60Hz, 4K resolution external monitors) to and from a computer. Moreover, the specification is revised to one (1) Type C Thunderbolt 3.
4. Is it acceptable for the specification/s to be "One (1) USB-C charging port, or standard DC-IN port" instead of One (1) USB-C charging port?	4. Yes. The specification is revised to one (1) USB-C charging port, or standard DC-IN port.
5. Can the specifications be relaxed regarding Turbo Frequency from 4.7 GHz to 4.6 GHz for the i5-1335U? This adjustment would help address budget concerns, especially if we're contemplating a transition to the i7 13th-gen.	5. No. 4.7 GHz is still the minimum Turbo Frequency requirement of the DBM.
6. Is it acceptable for laptop of the same family to be used for in-house test instead of laptops with technical specifications as in the Bid Documents?	6. No. The laptop intended for in-house test should be of the same brand and model being offered and will be delivered to the DBM.
7. We would like to clarify which features of Windows 11 Enterprise your company requires? According to our distributor, purchasing Windows 11 Enterprise necessitates having Windows 11 Pro as the base Operating System (OS), which may double the cost.	7. This is being considered, and the Operating System required is no longer Windows 11 Enterprise. Instead, the DBM requires pre-installed Windows 11 Professional. The pre-installation of Windows 11 Professional OS for the laptops will maintain the performance and functionality of and ensure its compatibility with the existing laptop units in the DBM Information and Communications Technology network infrastructure.
8. Power Cord and AC Wall Plug since Power cord and AC wall plug typically come as one unit in a cable.	8. Specifications is revised to 'One (1) Power Cord and AC wall plug compatible with the laptop's power requirements'.
9. USB-C Power Cable and Power adaptor since USB-C power cable and power adaptor are commonly packaged together as a single cable.	9. Specifications is revised to 'One (1) USB-C power cable, or standard dc-in port and power adaptor that must support the necessary power delivery (PD) specifications of the unit'.

Prospective Bidder 1 requested for an extension of the delivery schedule of the 1st twenty (20) units to thirty (30) calendar days, while Prospective Bidder 2 requested an extension of the delivery period to 45 working days upon receipt of the Notice to Proceed considering the required specifications are under configure to order.</p> <p>11. Can we relax on the Technical Specifications of Lithium Ion or Lithium Polymer for the type of battery?</p> <p>12. Instructions:

- a. Pursuant to Section 23.4.1.3 of the 2016 Revised IRR of RA No. 9184, the Bidder shall have an SLCC that is at least one (1) contract similar to the Project, the value of which, adjusted to current prices using the PSA's CPI, must be at least equivalent to the following requirements:
 - i. a single contract that is similar to this Project, equivalent to at least fifty percent (50%) of the ABC; **OR**
 - ii. at least two (2) similar contracts:
 - (a) the aggregate amount of which should be equivalent to at least fifty percent (50%) of the ABC for this Project; **AND**
 - (b) the largest of these similar contracts must be equivalent to at least half of the percentage of the ABC as required above (i.e., twenty-five percent [25%]).
- b. The SLCC should have been completed (i.e., accepted) within the period of **June 25, 2019 to June 24, 2024**.
- c. The similar contract for this Project shall refer to the supply and delivery of laptops. If the supply and delivery of laptops form part of a bigger contract, only the cost component of the supply and delivery of laptops shall be considered for purposes of comparing the value thereof to at least fifty percent (50%) of the ABC.
- d. Please note that item 6.4 of the Government Procurement Policy Board (GPPB) Circular No. 04-2020 dated September 16, 2020 states that, "[t]he PEs shall check **compliance of the submitted forms with the mandatory provisions stated above. Non-submission of the Required Forms or non-inclusion of the mandatory provisions in any of the Required Forms shall be a ground for disqualification.**"

Moreover, GPPB Non-Policy Matter Opinion No. 041-2014 dated October 9, 2014 partially states that "**even contracts that include non-disclosure agreements or confidentiality clauses are required to be disclosed.** It is likewise good to clarify that

the requirement refers to a “statement” to be made by the bidder relative to all its ongoing and private contracts, and not the actual submission of the physical contracts.”

- * Date of Acceptance shall mean the date when the items delivered have **satisfactorily met** the requirements of the procuring entity, as evidenced by either a Certificate of Final Acceptance/Completion from the bidder’s client, or an Official Receipt or a Sales Invoice (to be submitted during post-qualification).
