Specifically, it will be done through:
   a. Continuous capacity building program for Municipal Social Welfare and Development Officers (MSWDOs) in convergence areas.
5. Improving Delivery System and Capacities – involves continuing improvement of the knowledge management system and management information of the Department for easy access by partners and intermediaries. This would include the following:
   a. Institutionalization of the Unified Results Based Monitoring and Evaluation System that will keep track of the progress and evaluate the Department’s performance in achieving its targets;
   b. Development of feedback systems for intermediaries, CSOs and legislators in developing services related to policy, technical assistance and resource augmentation;
   c. Maintenance of reliable and comprehensive data in all sectors (trafficked persons, children in conflict with the law (CICL), persons with disabilities (PWD) and senior citizens); and
