**F. PHILIPPINE INFORMATION AGENCY**

**STRATEGIC OBJECTIVES**

**MANDATE**

The Philippine Information Agency (PIA) provides accurate, timely, and relevant information to enable citizens to participate in and benefit from government programs that would uplift their quality of life. It plans and implements communication and advocacy programs of national scope and assists other government agencies in the communication component of their programs through multimedia strategies.

**VISION**

An enlightened citizenry empowered to make informed decisions toward improved quality of life and to contribute to nation-building.

**MISSION**

The Philippine Information Agency is committed to provide a national mechanism for the free flow of timely, accurate and relevant information to:
1) Enhance people’s capabilities in decision-making and identification of opportunities for growth and development; and
2) Promote people’s participation in democratic process.

**KEY RESULT AREAS**

- Transparent, accountable and participatory governance

**SECTOR OUTCOME**

- Enhanced citizens’ access to developmental information and participation in governance

**ORGANIZATIONAL OUTCOME**

- Public access, engagement and understanding of Presidential policies and government programs achieved

**PERFORMANCE INFORMATION**

**KEY STRATEGIES**

1. Expansion of agency presence to cover the ARMM region and provinces identified as poorest and most vulnerable to disasters
2. Mainstreaming of community-based communication activities to deliver developmental information down to the grassroots level
3. Increased communication support to disaster risk reduction and management efforts
4. Generation of public inputs to governance through the conduct of communication research and public consultations
5. Networking with and provision of communication assistance to various sectors to further widen the reach of developmental information, especially in poorest and most disaster-vulnerable areas
6. More effective use of new media channels for information dissemination
7. Development and maintenance of information systems for more efficient and rapid delivery of information
