1.0 BACKGROUND

Executive Order (EO) No. 70, s. 2018¹ recognizes the need to reframe and refocus the government policy for achieving inclusive and sustainable peace by recognizing that insurgencies, internal disturbance and tensions, and armed conflicts and threats are not only military and security concerns but symptomatic of broader social, economic, and historical problems.

To address the root cause of insurgency and other armed conflicts, there is a need to prioritize and harmonize the delivery of basic services and social delivery packages by the government and, at the same time, facilitate societal inclusivity and ensure active participation of the different sector of the society in the pursuit of sustainable peace and prosperity.

One of the strategies being implemented to address development gaps is the Retooled Community Support Program (RCSP), which is a convergence mechanism for local governments, particularly at the barangay level, for the identification of issues and needed government interventions. It is anchored on the empowerment framework that intends to develop people's capability to

organize themselves and implement their own programs and projects by bringing about value chain interventions to uplift their current condition.²

One of the outputs of the RCSP process is the enhancement of Barangay Development Plans which identifies the priority projects/programs to address the existing issues and development gaps at the barangay level. Priority projects identified by the barangays during RCSP will be funded under the LGSF-SBDP of the NTF-ELCAC.
