

FOREWORD

The **Index of Occupational Services, Position Titles and Salary Grades in the Local Government (IOS-LGU)** for brevity), a component of the Compensation and Position Classification System of the Philippine Government, is being updated pursuant to the mandate of the Department of Budget and Management (DBM) as the administrator of the Compensation and Position Classification System (CPCS) established under Republic Act No. 6758, s. 1989*, as amended, and its authority under Administrative Order No. 42, s. 1993** to continue to prescribe policies, standards, and rules on compensation and position classification in the local government.

Specifically, the IOS-LGU contains a list of classes or position titles by occupational service. It is being updated to reflect recent changes due to the creation, abolition, retitling and reallocation of classes of positions through various legislations and issuances.

Government agencies and other users will find the IOS-LGU a convenient guide in understanding the position classification plan, and in identifying classes of positions appropriate to the type of functions of the organizational unit, and the specific duties and responsibilities of the positions.

Whenever necessary, modifications in the IOS-LGU will be issued by the DBM as developments occur in the nature and context of work and occupations in the government.
