Science and Technology Information Institute
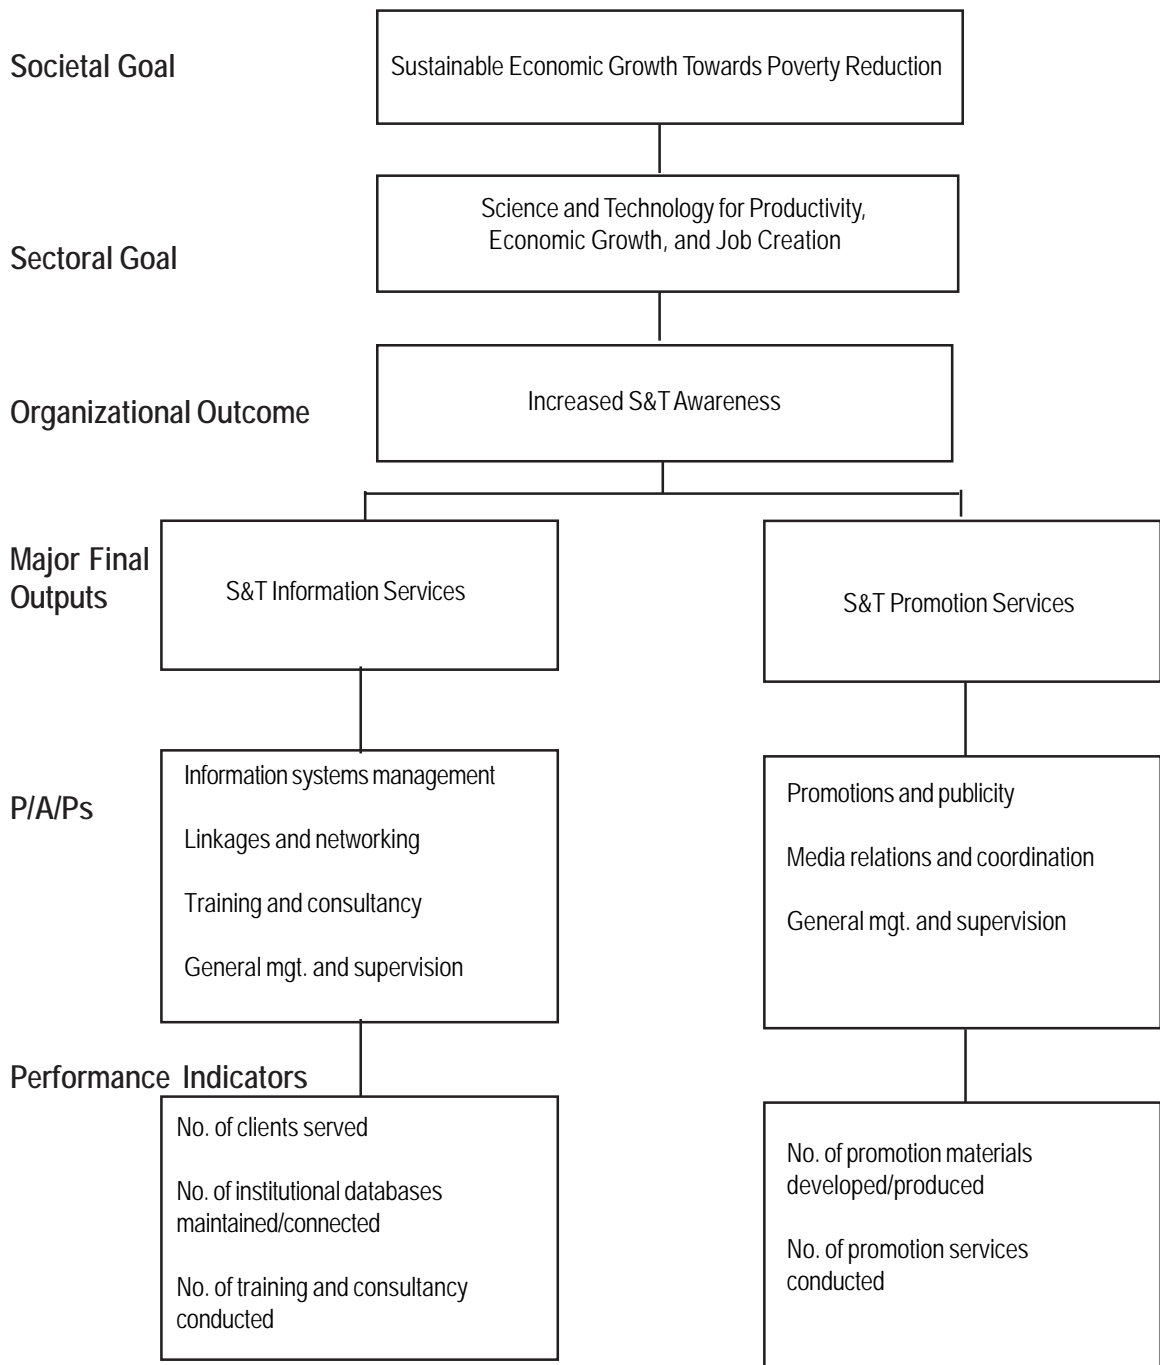

Legal Basis

Executive Order No. 128 (January 30, 1987) reorganized the National Science and Technology Authority (NSTA), creating thereby a Science and Technology Information Institute as the information and marketing arm of the NSTA, now the Department of Science and Technology (DOST).

Mandate

The Science and Technology Information Institute (STII) takes the lead in information science and technology training. It establishes and maintains a science and technology databank and library, and disseminates science and technology information.

LOGICAL FRAMEWORK (STII)

Societal Goal

Sustainable Economic Growth Towards Poverty Reduction

Sectoral Goal

Science and Technology for Productivity, Economic Growth, and Job Creation

Organizational Outcome

Increased S&T Awareness

Major Final Outputs

S&T Information Services

S&T Promotion Services

P/A/Ps

Information systems management

Linkages and networking

Training and consultancy

General mgt. and supervision

Promotions and publicity

Media relations and coordination

General mgt. and supervision

Performance Indicators

No. of clients served

No. of institutional databases maintained/connected

No. of training and consultancy conducted

No. of promotion materials developed/produced

No. of promotion services conducted

461
