The Fisheries agency is one of the oldest structures in the history of the Philippine bureaucracy. Basic functions concerning the development of the country’s fisheries and aquatic resources were already being undertaken by some agencies (as the Bureau of Science) through a Fisheries Division in early 1900s. In the 1930s, a Fish and Game Administration (FGA) was established which integrated the Division of Fisheries and Division of Zoology of the Bureau of Science with the Division of Forest Fauna and Grazing in the Bureau of Forestry. The FGA was transformed back to a Division of Fisheries under the Department of Agriculture and Commerce in 1939. RA 177 converted the said division into a Bureau of Fisheries.

Legal Basis

- Republic Act No. 177 (June 20, 1947) created the Bureau of Fisheries under the Department of Agriculture and Commerce, incorporating into the Bureau the Division of Fisheries under the said Department and all sections, field districts, experimental stations and all activities and agencies of the National Government connected with fishery work.
- Republic Act No. 3512 (March 20, 1963) reorganized the Bureau of Fisheries into a Philippine Fisheries Commission (PFC) under the direct control and supervision of the Secretary of the Department of Agriculture and Natural Resources (formerly Department of Agriculture and Commerce).
- Integrated Reorganization Plan of 1972. (September 24, 1972) renamed the PFC back to Bureau of Fisheries.
- Presidential Decree No. 461 (May 17, 1974) reorganized the Department of Agriculture and Natural Resources into two separate departments, i.e., Department of Agriculture and Department of Natural Resources, renamed the Bureau of Fisheries as Bureau of Fisheries and Aquatic Resources (BFAR) and placed it under the Department of Natural Resources.
- Executive Order No. 967 (June 30, 1984) transferred BFAR from the Ministry of Natural Resources (nomenclature change due to parliamentary form of government) to the Ministry of Agriculture and Food (MAF), converting it into a staff bureau and integrating its regional offices (ROs) into the MAF’s ROs.
- Executive Order No. 116 (January 30, 1987) reorganized the MAF into the Ministry of Agriculture and sustained the staff bureau status of BFAR.
- Republic Act No. 8550 (February 25, 1998), the Philippine Fisheries Code of 1998, provided for the development, management and conservation of the fisheries and aquatic resources and integrated all pertinent laws into the code, reconstituting BFAR into a line bureau under the Department of Agriculture (under presidential form of government this time) and creating the National Fisheries Research and Development Institute (NFRDI) as the research arm of the Bureau.

Mandate

The Bureau of Fisheries and Aquatic Resources (BFAR) is responsible for the development, improvement, management, and conservation of the country’s fishery and aquatic resources.

The Fisheries agency is one of the oldest structures in the history of the Philippine bureaucracy. Basic functions concerning the development of the country’s fisheries and aquatic resources were already being undertaken by some agencies (as the Bureau of Science) through a Fisheries Division in early 1900s. In the 1930s, a Fish and Game Administration (FGA) was established which integrated the Division of Fisheries and Division of Zoology of the Bureau of Science with the Division of Forest Fauna and Grazing in the Bureau of Forestry. The FGA was transformed back to a Division of Fisheries under the Department of Agriculture and Commerce in 1939. RA 177 converted the said division into a Bureau of Fisheries.
LOGICAL FRAMEWORK (BFAR)

Societal Goal
Inclusive Growth and Poverty Reduction

Organizational Outcome
Improved Conditions that are Conducive for Profitable, Competitive and Sustainable Agri-Fishery Sector with Empowered Farmers, Fisherfolk and other Stakeholders

DA Major Final Outputs

**MFO 1**
Agriculture and Fishery Support Services Delivered
- Production Support
- Market Development
- Credit Facilitation
- Irrigation Development
- Postharvest/Other Infrastructure
- Extension Support, Education, and Training

**MFO 2**
Regulations Developed, Implemented, Monitored, and Enforced
- Aquatic Fisheries Regulations and Standards Developed, Implemented, Monitored, and Enforced
- Monitoring, control, and surveillance
- Fish health management and inspection
- Coastal resource management
- Inland fisheries management
- Operation of cyanide detection test and of quality assurance laboratories
- National stock assessment program
- Inspection/quarantine

**MFO 3**
Plans and Policies Developed, Implemented, Monitored, and Evaluated
- Support to Bureau of Agriculture Statistics on fishery and aquatic resources data/information generation
- Operation of Fishery Information Management Center (FIMC)
- Fishery and aquatic resources policy agenda formulation

BFAR MFOS
- Fishery Support Services Delivered
- Aquatic and Fisheries Development Plans and Policies Developed, Implemented, Monitored, and Evaluated

P/A/Ps
- Maintenance of mariculture parks
- Operation of research centers nationwide
- Maintenance of hatcheries and establishment of seaweed nurseries
- Fish seed production and distribution
- Production-related research activities on fishery
- Fishery extension support, education, and training
- Provision of market assistance and conduct of market-related research and linking/promotion activities
- Credit facilitation/provision of assistance in loan accessing
- Postharvest research, distribution, and infra establishment/operation
